1. Review/approve of minutes from April 19, 2017 and May 17, 2017 meetings
April minutes were reviewed. John motioned to approve the minutes, with a second from Julie. All approved, with Anna and Amy abstaining.
May minutes were reviewed. John motioned to approve the minutes, with a second from Anna. All approved with Patty abstaining.
2. Public comment
Don Mosier of Hopland attended the meeting as an interested community member. Ed Quevedo, Director of Culture at Fetzer, was also in attendance. He, along with Fetzer, is interested in becoming active with the Hopland MAC and contributing to community development through the creation of a community-supported grocery. Further discussion of his ideas will occur at a future meeting. Phil Dow, MCOG Executive Director, also attended the meeting to provide information complementary to the Caltrans presentation.
3. Hopland Downtown Plan update
Amy reported that she and Dave have begun work and will have a draft available for council review at the August meeting.
4. Rex Jackman Caltrans presentation
Rex Jackman, Caltrans District 1, South Branch Chief- Transportation Planning, gave a detailed presentation on the current state of a Caltrans project through Hopland. The project is currently at the pre-initiation/scoping stage and is focused on addressing ADA deficiencies throughout the 101-corridor through the Hopland area. As of now, Caltrans is working towards completing the project by 2025. The improvements that are currently being focused on were drawn from the Feasibility Study that was completed in 2015 with community input. The project is a portion of the Caltrans State Highway Operation and Preservation Program (SHOPP) which allows Caltrans projects to focus on multiple assets in one project, rather than focus on specific improvements.
